EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows.

Claim 1 has been amended to read as follows.

1. (currently amended) A method of treating a person with symptoms of stroke, the method comprising:

(a) determining that the person potentially has had a stroke based on observing one or more symptoms of stroke to make an initial diagnosis without determining the cause of the stroke; and

(b) administering to the person a composition comprising an amount of a pro-urokinase ("pro-UK") mutant M5 (Lys³⁰⁰ → His) polypeptide effective to lyse any potential blood clot causing the symptoms of stroke; and

~~(c) optionally confirming the initial diagnosis with a diagnostic test to determine the cause of the stroke.~~

2. (currently amended) The method of claim 1, wherein the composition is administered more than 3 hours and up to 6 hours after the onset of symptoms.

7-19. (canceled)

Authorization for this Examiner's Amendment was given by telephone by Applicants' agent, Mr. Peter Fasse, on February 7, 2006.

2. The following is an examiner's statement of reasons for allowance. The prior art does not reasonably teach or suggest a method of treating a person with symptoms of stroke by administering an agent that lyses blood clots before it is known whether the stroke is ischemic in type or hemorrhagic in type. In the prior art, this distinction is made before an anticlotting agent is administered, to reduce the risk of unwanted intracranial bleeding. See, e.g., Brearley et al. (US 2002/0098179, paragraph 9) and Pinsky (US 2002/0138858, paragraph 3), as discussed in the previous Office action.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rosanne Kosson whose telephone number is 571-272-2923. The examiner can normally be reached on Monday-Friday, 8:30-6:00, with alternate Mondays off.
